

## **We Are At Our Best**

I want to throw open the door to You, God  
What if You not there to catch me?  
Will I fall into Your grace?  
I want to stand tall inside Your glory  
Unashamed of Your pursuit of me  
What if I am not worth the wait?

We are at our best because of Jesus' sacrifice  
Set right, made fit for this amazing gift of life  
Now we will sing and shout His praises once again  
We are at our best because of Him

You come to my rescue when I struggle  
While I wait Your molding me and leading me to what is next  
You, You are my overflow of hope Lord  
A waterfall of peace that comes cascading through the darkness

We are at our best because of Jesus' sacrifice  
Set right, made fit for this amazing gift of life  
Now we will sing and shout His praises once again  
We are at our best because of Him

We want to be changed and found deserving  
The kind of love that risked it all before we heard Your name  
We want to be known and get to know You  
Grace made a space inside my heart, Your love was not in vain  
Give me passion, give me patience  
Create more of You in me

We are at our best because of Jesus' sacrifice  
Set right, made fit for this amazing gift of life  
Now we will sing and shout His praises once again  
We are at our best because of Him

We are at our best because of Him  
We are at our best because of Him  
We are at our best because of Him
