These eight sessions are a guided journey of discovery. Through various tools, students learn more about themselves, their gifts, their personality, their emotions, and their relational skills, and then they create a plan to deepen and flourish.

Discovery helps disciples:

- encounter God in a fresh and intimate way.
- explore a variety of Spiritual disciplines.
- review life experiences and discover their passion for serving others.
- clarify their unique life purpose as a follower of Jesus.
- develop a growth plan that helps move toward the future God intends.
- engage in a mentoring relationship to aid growth after the class.
