## More Information

### What is School for Disciples?

School for Disciples is an equipping event for people who are walking with Jesus. "Disciple" means "a learner." We are to be learners of the way of Jesus all the time. There are various topics to choose from with a variety of teachers. I hope your desire to keep learning is written on your heart.

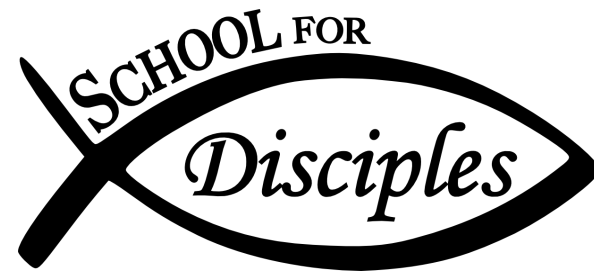

### How much does it cost?

We are offering these classes on a donation basis. Your donations enable us to purchase supplies and pay mileage and honorariums for our teachers. Last year our total expenses came to nearly \$1,650.00. Your generosity again this year will enable us to provide compensation and at the same time make it possible for those who are unable to be generous to attend as well.

### Your Feedback Welcomed

Please complete and return class evaluation questionnaire. Your critiques and suggestions are important and very helpful in planning for next year's school.

Jan. 26 (Part One)

Feb. 2 (Part Two)

8:00 a.m. – 12:30 p.m.

*Completion of both parts is required  
to receive training certification.*

**Class Description:** One in five youth ages 13 to 18 lives with a mental health condition. That's why it's so important for all adults working in the school setting to take Youth Mental Health First Aid, an eight hour course that teaches participants how to help adolescents experiencing a mental health or substance use challenge. Having a more informed staff can dramatically help early intervention efforts and get youth the help they need when they need it.

Billy is also an instructor for Mental Health First Aid; an evidence based program giving people the skills to help someone experiencing or developing a mental health crisis. He graduated from Shepherd University with a BA in Psychology and was awarded the Helmut Prager Award for Clinical Excellence in 2015.

## SOCIAL MEDIA AND THE ADOLESCENT BRAIN

Feb. 26 9:30-11:30a.m.

**Class Description:** Social media, in all of its various forms, has become an integral part of the teenage experience. This presentation will explore the vulnerabilities of the teenage brain and the influence social media can have on adolescent behavioral health. During this time teens are developing their sense of identity, peer influence, and acceptance.

## FINANCIAL COACHING

**Class Description:** Financial coaching is for individuals who desire to help people deal with budget, debt and savings habits. It will provide input on what it means to be a financial coach as well as practical tools to use with people struggling with basic money management challenges. Participants in this class need not be financial experts, but rather caring individuals who understand the importance of personal stewardship as a key practice in Christian discipleship.

**Cedric Roth** is a Client Relationship Representative in the Chambersburg, PA, office. He is a former high school teacher who desired to make the complex understandable. He graduated from Eastern Mennonite University. Cedric, his wife, Lora, and two daughters, Moriah and Lydia, attend Marion Mennonite Church.

## END OF LIFE PLANNING

Feb. 16 9:30-11:30a.m.

**Class Description:** In John 14:3, Jesus tells his disciples "I go to PREPARE a place for you." If Jesus felt he needed to prepare for our homecoming, maybe we should also take seriously the importance of preparing for our homegoing as we do for other important transitions. Come hear more about the End of Life curriculum and videos, which have been developed by Everence, that can be used in your own congregation in talking about a delicate but important topic from a biblical perspective.

**Beryl Jantzi** serves as Everence Stewardship Education Director and lives in Harrisonburg, VA. Prior to working for Everence he pastored in PA and VA for 23 years. He is a former moderator of VA Mennonite Conference and currently serves as the overseer for the Southern District of the VA. Mennonite Conference.
